## A VENEZUELAN PLEA.

She Asks Uncle Sam's Mediation with France.

THAT COUNTRY ALMOST ISOLATED.

Neither France, Great Britain, Germany, Spain or Belgium are represented in Venezuela, and to overcome this isolation she asks our kindly offices.

WASHINGTON, May 23.—The United States has been again asked to act as intermediary in an international complication. This time the trouble is between France and Venezuela, resulting in a complete termination of diplomatic relations between them. The French minister at Caracas recently was given his passports, whereupon France sent two warships to take away her minister and all the legation archives. At the same time France handed to the Venezuelan minister at Paris his passports and he summarily departed.

The request for the mediation of the United States is made by the Venezuelan government through its minister at Washington. Señor Andrade was instructed by the Venezuelan minister of foreign affairs a short while ago to request that the United States ambassador at Paris, Mr. Easton, be asked to act as intermediary in restoring friendly relations between the two countries. Department officials will not discuss the subject, and it cannot be learned whether instructions have yet been sent to Ambassador Easton.

Should the United States undertake the reconciliation it will make two questions in which our officials are negotiators with European governments on behalf of Venezuela. Ambassador Bayard is already engaged in effecting a solution of the British Venezuela question.

There appears to be no reason why the United States should not act in the present case, as it is said to involve no possibility of trouble or strained relations between France and this country. It will, however, further impress European nations with the care with which the United States looks after the interests of South and Central American republics.

The trouble between France and Venezuela originated about four months ago. A number of European ministers residing at Caracas united in a confidential note to their respective governments, in which they told of the lax condition of the government and the tendency of Venezuelan officials to avoid the settlement of just claims. The note was signed by the ministers of France, Germany, Spain and Belgium.

The Italian minister did not sign it, but sent to his government "for information." By mischance the "confidential" note was omitted from the note, and Italy published it, with the signatures of the four ministers, in the Italian Green Book. Venezuela

thus was publicly pilloried. She at once gave their passports to the French, Spanish and Belgian ministers, but the German minister had left before this indignity could be offered to him.

By this step Venezuela was almost cut off from relations with leading nations. Great Britain withdrew her ministers some time ago because of the boundary trouble. It is with a view of overcoming this isolation that Venezuela now asks the kindly offices of the United States toward resuming relations with the rest of the world.

#### Fruit Damaged in New York.

BUFFALO, May 23.—The repeated frosts have seriously damaged the fruit in Niagara county. Henry Luttis, proprietor of the Niagara River Nurseries at Youngstown, one of the largest and oldest fruit-growers in that famous fruit district, says that he is warranted in the statement that the grape crop will be a total failure. The peach orchards will not yield more than 10 per cent. of a crop, apples, plums and cherries about one-third of a crop and strawberries are wholly destroyed, although a second crop may be expected of later berries.

#### To Command British Troops in Ireland.

LONDON, May 23.—The Chronicle announces that Lord Roberts, of Kandahar, has accepted the succession to Lord Wolsey in command of the forces in Ireland. This appointment was foreshadowed as being part of a plan involving the retirement of the Duke of Cambridge from the post of commander-in-chief and the making of Lord Wolsey chief of the staff at headquarters.

#### Fatally Injured by Burglars.

LEXINGTON, Ind., May 23.—Three midnight marauders forced their way into the house of City Clerk Hilton. Mr. Hilton, assisted by his son, attempted to drive them away. A fight followed in which Mr. Hilton was struck on the head with a mace and fatally injured, his skull being fractured. The intruders escaped with \$300 booty.

#### FAVA'S PROTEST ANSWERED.

Italians Not Held at Pocahontas Against Their Desire.

WASHINGTON, May 23.—On Tuesday the department of state, at the instance of Baron Fava, the Italian ambassador, telegraphed the governor of Virginia that it was represented that 125 Italians had contracted in New York to work for the Southwest Virginia Improvement company as stone cutters, and that Baron Fava was advised that they were being ill treated, deprived of food and detained by force at Pocahontas. The company, it was charged, was endeavoring to force the Italians to work in the coal mines in place of striking miners, contrary to their contract, and Virginia troops, it was said, were coercing them.

The department requested the governor to institute a prompt investigation and give due protection in case of need, should their contract be violated. Yesterday the department received a telegram from Governor O'Ferrall saying that he had communicated with the commandant of Virginia troops at Pocahontas and had been informed by him that rations were issued daily to Italians; that they had brought with them a good supply of bread and sausage and seemed to have some money, and that there was no suffering or destitution; that 134 were at work, and that 195 not desiring to work were put upon the cars and returned to New York.

The governor said that he was sure these men were put under guard simply as a precautionary measure. These facts were promptly communicated to Baron Fava.

#### Killed by Exploding Dynamite.

ELKTON, Md., May 23.—A terrible accident took place yesterday on the farm of J. J. Martin, of Philadelphia, which is tenanted by W. C. Pyle, situated on the Elk river, five miles from Chesapeake City. Mr. Pyle, with a number of assistants, had been engaged for some days in removing stumps in a newly made field, using dynamite cartridges for the purpose. William Havelow, one of the assistants, had just placed a cartridge in position when a premature explosion occurred, hurling the men through the air. William Havelow was frightfully lacerated and partly dismembered, and expired shortly. The injured are: W. C. Pyle, aged 41 years; Frank Havelow, 49; a son of Frank Havelow, who will die from the effects of his injuries.

#### Killed by a Frightened Horse.

FORT WAYNE, Ind., May 23.—During a circus parade a shocking runaway accident took place on Columbia street. A horse took fright at the elephants and jumped into the midst of a dense crowd of people, knocking them down by the dozen. Mrs. Eliza Leway was killed and sixteen others more or less injured. Mrs. Eliza Devan was badly hurt about the head and shoulders, and will die; Jessie Devan, aged 5, injured internally, probably fatal; Catherine Leway, aged 5, bruised about the head and body; Jennie Wehnert, aged 7, badly cut in head; Emma Wehnert, head and body bruised. Six baby carriages were kicked to pieces by the maddened horse.

NEW YORK, May 23.—The French line steamer La Gascoigne reached this city last evening, and reports that on May 16, at 3:30 a. m., when in latitude 42, longitude 49, the piston rod of the intermediate engine broke. The disabled piston was disconnected, and after a delay of eight hours the steamer proceeded at the rate of eight knots. The break was in the rod which was put in at Havre after the accident to the steamer in February last. All are well on board. She brought 493 passengers.

Mrs. Berow, 22 years old, who eloped from Biddeford, Me., three weeks ago with Joseph Markham, deserting a husband and three children, is deserted and penniless at Saginaw, Mich.

Mrs. Anna Schroeder, widow of an Illinois veteran who died in 1866, was fined \$1,500 and costs in St. Louis for securing \$2,940 back pension as Schroeder's widow after she had married Charles Schum.

## UNION COLLEGE AGAIN.

The Object of Another Assault in the Presbyterian Assembly.

### THE ENDOWMENT FUND ASSAILED.

A Committee Instructed to Ascertain What Steps Are Necessary to Gain Possession of Endowments Which That Institution Is Said to Have Stolen.

PITTSBURG, May 23.—The ill success which attended the effort made in the Presbyterian General Assembly on Tuesday to turn down the directors of Union Theological seminary, who were proposed for re-election as members of the board of home missions, had a damaging effect upon a similar movement which was proposed concerning three more of those directors whose names came up for election among those thus recommended were William A. Booth, father of the moderator; E. M. Kingsley, treasurer of Union seminary, and Dr. John Balcolin Shaw, a director in the same institution. They were promptly re-elected.

But the ghost of Union seminary will not down. A new proposal was adopted requiring the committee of conference with the theological seminaries to ascertain what steps are necessary in order to gain possession of some of the endowments now held by Union, which she has been declared to have "stolen" from the denomination. It is anticipated that the committee has undertaken a larger contract than its members can handle.

The scene enacted in the assembly when a collection was taken for the benefit of missionary candidates was quite as unusual as it was successful. It showed at least the practical benevolence of the ministers and elders present. The predominance of gifts from "liberal" men and churches was remarked by some of the commissioners, and also the fact that the largest subscriptions came from the east. The total amount collected exceeded \$4,000.

The great success of the meeting held Tuesday night in the interest of home missions caused the inauguration of an overflow meeting last night in the Second church, at which several foreign missionaries spoke.

Most of the day was devoted to special missionary and educational interests of the church, accounts of which are given in the following reports:

Vice-Moderator Governor Bearer presided at the afternoon session of the assembly. The first order was the report of the committee on education, presented by Dr. Mardian B. Kneeland, of Boston, Mass. His usual complaint against non-contributing churches was made, coupled with a recommendation that they all be urged to send in their collections, however small. The report recommended that the amount of \$150,000 be raised for educational purposes during next year, and the board was directed to report whether students might be required to spend a year in missionary work after graduation before entering upon a regular charge.

This suggestion was carried further by Dr. White, of Columbus, who proposed that a term of service should be required by all students aided by the board, so that they should render a service equivalent for the aid received. Dr. W. Hodge, then addressed the assembly in the interest of his work.

The second order of the afternoon was the report of the board of aid for colleges, which was presented by Professor W. H. London, of the San Francisco Theological seminary.

The receipts of the board of aid for colleges and the expenditures to \$114,000. Aid was given to colleges and academies whose total valuation was over a million dollars. Again complaint was made of non-contributing churches. It was recommended that \$150,000 be raised during the next year, and that the Sunday after the day of prayer for colleges be designated as education day in the interests of this board.

#### United Presbyterian Assembly.

PITTSBURG, May 23.—The General Assembly of the United Presbyterian church was formally opened last night in the Sixth church. Rev. John A. Wilson, the retiring moderator, preached the sermon.

#### A Georgia Sheriff Killed.

SAVANNAH, Ga., May 23.—George Dunham, sheriff of Montgomery county, and a friend went to William Connell's house to see about reports it was alleged he had circulated about Sheriff Dunham and his wife. Dunham and Connell had a conversation, and Dunham asked about the reports. Connell denied making them, the lie was passed, and Dunham rushed at Connell. Connell ran to his house, got his gun, and shot Dunham in the face, killing him instantly. Connell escaped.

#### Caught in the Machinery and Killed.

DOYLESTOWN, Pa., May 23.—Thomas T. Pool, aged 47 years, was instantly killed by being caught in the machinery of his Ingham Springpaper mill, about six miles east of here. Pool was engaged in oiling some machinery, when his clothing caught in the shafting and his body was whirled about a wheel, causing almost instant death. His head was terribly mangled. He leaves a widow and two children.

#### Two Little Ones Supposed to Be Murdered.

HUNTINGTON, W. Va., May 23.—The body of Gibbie Ringo, 8 years old, was found in the river two miles below here yesterday with the side of his head crushed in. His little brother is also missing. Both disappeared together two months ago. Their father is the supposed murderer, and a mob is now in search of him with a lynch law in view.

#### Pennsylvania Hibernians.

WILKESBARRE, Pa., May 23.—The state convention of the Ancient Order of Hibernians adjourned last evening, after electing their officers: State delegate, C. M. Boland, Scranton; secretary, John Gibbons, Altoona; treasurer, Michael Meeney, Wilkesbarre. Carbondale was chosen for the next place of meeting.

#### ENTHUSIASTIC CONFEDERATES.

A Royal Greeting to Miss Winnie Davis, "Daughter of the Confederacy."

HOUSTON, Tex., May 23.—The first day of the Confederate veterans' reunion here was marred by rain, but this did not dampen the enthusiasm of the veterans when, after listening to a brilliant speech by General John B. Gordon, and hearing the report of the historical committee, Miss Winnie Davis, the "daughter of the Confederacy," was introduced.

A wild shout went up that fairly made the building tremble. Never was there seen such demonstration. Hats were flying

MISS WINNIE DAVIS.

in the air, gray haired men were cheering and yelling, completely drowning the music made by the band, which was playing "The Bonnie Blue Flag."

The masses of old veterans were so overcome with enthusiasm that a wild rush was made for the place where Miss Davis stood, and in an instant she was surrounded by a mass of men, all pushing pell mell to grasp her hand and show how happy they were to meet her. Realizing the danger of such a crush Governor Lowry and several others came to the rescue, extricating Miss Davis from the crush, and placing her where she could be seen by all and bow her acknowledgments.

At the conclusion of the oration the crowd dispersed, and Miss Davis was driven to the residence of Judge Masterson, whose guest she is.

#### South Carolina's Registration Fight.

COLUMBIA, S. C., May 23.—There has been a change in the plans of the state administration with reference to Judge Goff's decision that the South Carolina registration laws are unconstitutional. The case will be taken on appeal to the federal court of appeals for this district. Chief Justice Fuller and Judge Goff and Simonson concur in that court. Both the latter are disqualified from sitting at the hearing of the appeal, the former because he rendered the decision appealed from and the latter because he helped frame and pass the law declared unconstitutional. Justice Fuller will name two judges to sit in their places, and it is said that these are likely to be Judge Jackson, of West Virginia, and Judge Dick, of North Carolina.

#### The Memphis Sound Money Convention.

MEMPHIS, May 23.—The most notable characteristic of the convention for the discussion of "sound money and better banking facilities," which met here at 2 o'clock this afternoon at the Auditorium, is the total obliteration of party lines in its makeup. The five or six hundred delegates, representing every state and all the principal cities of the south, include men holding all shades of political belief, representing every branch of commerce and industry in which the south and the country at large is vitally interested. After the work of organization is perfected the convention will listen to an address by Hon. John G. Calhoun, secretary of the treasury.

#### These Bandits Struck the Wrong Town.

STURGEON, O. T., May 23.—At Ingram, on the border of the Kickapoo reservation, three masked men rode up to the post office, but the postmaster and several Kickapoo settlers opened fire and drove them off. They then rode to the residence of John Webb and ordered him to bring out his money under penalty of death. He agreed, and stepping inside grabbed a gun and fired through the window, knocking one of the bandits off his horse. They riddled the house with bullets, picked up the wounded man and left without any booty.

#### Red Men's Greeting to Odd Fellows.

PHILADELPHIA, May 23.—At yesterday's session of the Grand Council of Red Men resolutions were adopted extending fraternal greeting to the grand lodge of Odd Fellows now in session here. The resolutions declare "That we with one heart and one thought pray the Great Spirit to smile upon the joint efforts of Odd Fellows and Red Men to hasten that golden era, when 'peace on earth, good will to men' shall prevail in every lodge room and every wigwam."

#### The Seranton Man Defeated.

BINGHAMTON, N. Y., May 23.—In a middle-weight bout at the Bijou theater, in this city, last night, Louis Jester, of this city, knocked out Harry Cortright, of Seranton, Pa., in the third round. The services of a doctor were required to bring Cortright to Kinnard, the "St. Paul Kid," challenged Jester, who accepted. A fight for \$500 a side was arranged to-day. It will take place in the west.

#### Nuns Cannot Teach in Texas.

AUSTIN, May 23.—The state department of education, on appeal from Victoria county, ruled that nuns cannot teach in the public schools of Texas, and that everything of a sectarian nature must be absolutely eliminated from the public schools. Catholic nuns have been conducting free schools in southwest, and this puts an end to it.

#### Sudden Death of a Minister.

HACKETTSTOWN, N. J., May 23.—Rev. John Lowrey, pastor of the First Presbyterian church of this place, dropped dead at the gate in front of his residence. The cause was neuralgia of the heart. Deceased was 60 years old, and is survived by his wife. He was widely known in this part of the state.

## THE RUSH FOR FARMS.

Thousands Ready to Gobble Up the Kickapoo Country.

### TROUBLE IN STORE FOR "SOONERS"

Deputy Marshals Will Arrest All of These Individuals Who Have Invaded the Reservation in Advance of the Time Named in the President's Proclamation.

OKLAHOMA CITY, O. T., May 23.—All night long the roads leading to the Kickapoo country were crowded with men on horseback going to the Kickapoo border in anticipation of the opening of the reservation to settlement at noon today. The crowd is much larger than was anticipated here. There is hardly an able bodied man in this town this morning. The banks have closed for the day, and the report was started that a raid by outlaws was feared.

Plenty of queer outfits are going out. This morning a bus drawn by four horses took out a towsite party. It carried big tents and wet and dry supplies and inside were the town projectors and the men who will open the first hotel and restaurant. One body of horsemen, over 100 strong, started out yesterday. They presented a fine appearance as they went through the streets four abreast with Winchester and caneons strapped to their saddles.

The railroad put cheap fares into effect on Tuesday, and the trains at midnight came in with people standing in the aisles of the cars and on the platforms. Many of them were compelled to walk the streets all night, as every bed in town had been engaged. There is not a horse in town for hire and very few for sale at an enormous price. Horses that a week ago were not worth \$10 are selling for \$50.

Hyatt, the Kansas boy who was first in line at the land office, sold his place on Tuesday night for \$500 to a lady who wants to make use of a claim. He has been engaged to hold the place for her, and will make the race on the land for her.

United States Marshal Nix sent a dozen deputies into the Kickapoo county to arrest "sooners" and take them before United States Commissioner Wilkinson, who is stationed at Kickapoo Falls. The "sooners" are liable to a fine of \$1,000 each. It is said that some of the "sooners" are desperate men from all parts of the country, and that the deputies are likely to have trouble in getting them. A man who came in from Shawnee says that the country has already filled up with "sooners," so there will be more of that class than honest home seekers.

It was reported here yesterday that Bill James' band of Kickapoos had been in council on the Deep Fork since Sunday night talking about the coming of the white men, which they had learned from a man carrying the news to Chandler. The man who brought the report in said that they were all armed and had plenty of ammunition and numbered about 150 horses and squaws. This band had been sullen ever since United States Agent Neel went among them for their names. The story is laughed at, but Marshal Nix said they might be troublesome, and he has wired for instructions.

It is estimated that at least 10,000 men will make the run from that line, run two miles across the Kickapoo allotments and meet runners from the south. When the two bodies get together trouble is predicted. The men from the south have a little the better of it in distance, but have an uphill run through timber, while the others run further, but straight away. A number of members of a New York colony will make the run more for amusement than anything else.

The streets of Oklahoma City resemble those of Arkansas City just prior to the opening of the Cherokee strip. Men on horseback and covered wagons filed through town on their way to the border of the Kickapoo country. From the country around Oklahoma at least 300 will run for claims.

A number of Iowa Indians will run, claiming that as they are now citizens they have a homestead right. Others are selling their ponies to boomers, and will spend the money and then ask the government to furnish more horses to them.

#### Murderous Anarchists Sentenced.

FLORENCE, May 23.—The trial of seven anarchists charged with the murder in July last of Signor Bandi, editor of The Gazzetta Livornese, of Leghorn, was concluded yesterday. The murder was committed on the day that President Carnot of France was assassinated by Santo Cesarini. Signor Bandi had written strongly against men of the Cesarini type. The crime was committed by a man named Lucchesi, who, with an accomplice named Franchi, was convicted and sentenced to imprisonment for thirty years. A man named Romiti, the instigator of the crime, was sentenced to imprisonment for life at hard labor.

#### Labor Riot at Indianapolis.

INDIANAPOLIS, May 23.—A riot occurred last night between strikers of the West Indianapolis Car works and non-union men. Frank Madson, assistant foreman of the works, and L. N. Hinkley, foreman, were attacked, Madson being badly beaten and seriously injured. Deputy marshals rushed to the scene, and shots were exchanged. It is reported that one of the mob was shot and carried off by his companions.

#### Signs of Compromise at Pocahontas.

POCAHONTAS, Va., May 23.—There will be a conference here this afternoon to adjust the strike between the operators and miners. Lawless and Webb had a conference yesterday in West Virginia, and they have terms to submit. It is believed that some adjustment will be reached, and the troops removed in less than ten days.

#### Fruit Killed in Pennsylvania.

WELLSBORO, Pa., May 23.—The farmers report that the hard freeze of Tuesday night has destroyed all hope of there being any fruit in this region this season. The temperature was down to 23 degrees.

## A PASTOR CALLED.

The Brick Church at Montgomery chooses Mr. J. F. Berg as its pastor.

From (ur Montgomery Correspondent.  
—A meeting of the Brick Church congregation was held in that church, Tuesday afternoon, to choose a pastor. Nearly 200 members were present, and Rev. W. H. S. Demarest, of Walpole, was moderator. The leading candidates for the office were Rev. J. H. Van Zee, of Marlboro, N. J., and Mr. J. F. Berg, of the Theological Seminary at New Brunswick. The vote of the informal ballot was Mr. Berg 41, Rev. Van Zee 37, Rev. Brandow 9, Rev. Lyall 2. The result on the formal ballot was Mr. Berg 60, and Rev. Van Zee 30. The choice was afterward made unanimous. Although everybody was not precisely satisfied, nearly every one united finally, and now everything is running along in perfect harmony. This we foretold two weeks ago. Mr. Berg will not complete his studies until June, but is an exceptionally popular and talented young gentleman, and in preaching the four sermons here he did not use a note. Let us hope that the church will again resume its former activity and every one join in "Long live the old Brick Church."

## EVANGELISTIC SERVICES

Union Meetings to Be Held at Pine Bush, Under the Direction of Rev. Ralph Gillen.

Union evangelistic services will be held in Pine Bush, beginning June 2d, for two weeks. The tent will seat 1,000 people. The singing is to be led by Mr. and Mrs. Wilson, who, Rev. Ralph Gillen, the leader of the meeting, says, are the sweetest singers on earth. The meetings will be held on the M. E. Church lawn, Sunday, at 11 a. m., 3 and 8 p. m., and every day in the week except Saturday at 3 and 8 p. m. Everybody is invited.

## RECORDER'S COURT.

The Dispute Over the Denomination of a Bank Bill—The Case Dismissed.

The case of Daniel S. Dudley against Charles H. Curven, proprietor of the Ready Pay Store, was tried before Recorder Bradner, this morning, and resulted in the discharge of Mr. Curven, the complainant failing to prove his charges. Mr. Dudley insists that he gave Mr. Curven a two dollar bill, while the latter is equally positive that it was a one dollar bill Mr. Dudley handed him.

Mr. Curven gave a very accurate description of the way in which he keeps his money in his till, and the one dollar bill which he claims Mr. Dudley gave him, was folded similarly to those in the latter's pocketbook. As the case narrowed down to a question of veracity between the two men, there was nothing left for the Recorder to do but discharge the defendant.

## THE ERIE BUSINESS BOOM

It renders necessary the running of all shops on full time.

For the first time in two years the locomotive shops at Susquehanna, Hornellsville and other points along the line of the Erie are now running on full time of ten hours per day, instead of forty-two hours per week as heretofore. The increase of business on the road renders it necessary to run the shops at their full capacity.

It is rumored that the company is about to repair and put in service the great number of locomotives standing on side tracks in Susquehanna and elsewhere. A prominent official stated, Monday, that there was \$1,000,000 worth of "dead" locomotives standing idle along the road and that the company was decidedly short on motive power; there was not sufficient to properly move trains.

To Prevent Trickery at Regents' Examinations

The Board of Regents has adopted a plan of preparing the lists of questions for examinations that it is believed will prevent candidates for examination securing advance sheets from the printers, as it is alleged has been done frequently of late. The papers will be printed in the presence of members of the Board, and kept under lock and key and guarded by a watchman.

## AT GENERAL TERM.

Cases of Local Interest Before the Court at Brooklyn, This Week.

At the General Term of the Supreme Court in Brooklyn, this week, a motion was made by the receiver of the Erie Company for reargument in the case of George Miller, of Middletown. A judgment in his favor was affirmed at the last General Term for damages for being ejected from a train at Port Jervis. The motion was based on a misapprehension of the court in reviewing a former appeal.

Cases of local interest before the courts were: An appeal of Laura O. Aber, of Hainesville, N. J., from an order of Judge Beattie declining to compel the assignees of W. A. Drake to account for her claim of \$1,400 for domestic services rendered W. A. Drake as a preferred claim.

The appeal of Mrs. Frances J. Romaine, of Port Jervis, in an action for alienation of the affections of her husband, against Mrs. Anna Decker, of Newburgh.

The appeal of the Lehigh and Hudson Railroad Company from a judgment of \$6,000 in favor of Richard Hannigan, of Warwick, for injuries received as brakeman, was to have been argued, but was adjourned to the September term to be held in Newburgh, as Judge Beattie, the company's counsel, is holding his own court this week.

## "A NIGHT AT THE CIRCUS"

Why Nellie McHenry is the Most Popular Soubrette.

Jolly Nellie McHenry is the most popular soubrette on the American stage. She can sing better than most women who dance. She is a better dancer than most women who sing. She is an acknowledged actress, and her versatility is admitted by all critics. She possesses that indescribable magnetism, which makes her audience feel as if she were akin to them, and they are proud of her. She has surrounded herself with one of the strongest companies of singers and comedians ever seen in one company, and she gives them all a chance to show what they can do, and in her circus-comedy, "A Night at the Circus," she gives her audience full value for their money by giving them the funniest, cleverest, brightest and greatest show on earth. At the Casino, Friday night.

Effect of the Cold Weather on Vegetation.

The recent cold weather has had a bad effect upon all kinds of vegetation, as may be seen by a drive through the country. In some places corn one and two inches high is as yellow as it ever is in autumn. Trees of all kinds show the effect of the frost, the leaves being either blackened and withered or taking unto themselves the variegated colors of an early fall. Young hickories, generally supposed to be the hardiest of all trees, seem to have suffered most.

## FORTY-SEVEN YEAR-OLD CAKE.

Wedding Cake Made Nearly Half a Century Ago Served at a Port Jervis Private Party.

Judge and Mrs. Wm. H. Crane, of Port Jervis, entertained a few friends Tuesday evening and among the refreshments served was a portion of a cake which figured at the wedding of Rev. J. T. Crane and Miss Helen Peck, Mr. Crane's parents, in the year 1848, the cake being 47 years old. The Union says: "While it can hardly be said that cake, like wine, improves with age, the specimen in question has retained much of its original flavor and looks and tastes like cake. Having resisted the destructive action of time for nearly half a century, there is no apparent reason why it should not last another 50 years and figure at the wedding of some of Judge Crane's grandchildren."

## INGRATITUDE OF CHILDREN

An Old Man, After Giving His Property to His Children, is Turned into the Street.

The Paterson Evening News tells a pitiful story of the ingratitude of children.

James Courter, aged 88 years, a wealthy farmer of Essex county, distributed his property among his children, receiving their promise that he should be cared for and live in ease and comfort the remainder of his days.

Once in possession, however, they had no use for the old man, and a son with whom it was agreed that the old man should live, a few days ago, took him in his wagon to Paterson and left him upon the street.

There is a daughter living in Paterson, who did not share in the distribution of the property, and the old man finally made his way to her home. She is very poor and unable to care for her father, but she took him in and reported the case to the authorities, who will take steps to compel the children to care for their father.

Wise, of Newton, or the latter's gray trotter, as he might elect, is off. It was to have taken place at Goshen July 17. Mr. Wise failed to post \$175, which he was to have put up on May 20, and the \$50 forfeit which he had placed in the hands of the stakeholder has been handed over to Mr. Rundle.

## A Hoodooed Canal.

From the *Honolulu Independent*.  
The canal appears to be hoodooed, this year. The boating season was delayed a month because of damage by floods. On Friday a break occurred at White Mills, and on Tuesday morning, a large leak was discovered just above the Tracyville hotel.

No end of Democrats, whose eyes are set in the direction of the White House, have put themselves upon record as opposed to the free silver coinage madness; but what Republican, possessed with a presidential bee, has been like bold and manful? Have Harrison, McKinley or Reed spoken out in meeting?

The killing of Jose Marti, who called himself the President of the Cuban Republic and the wounding of Gen. Gomez may have a serious effect on the Cuban Insurrection; but if the people of Cuba are really animated by a settled purpose to achieve independence new leaders will be found to continue the struggle.

No matter how odious and oppressive the income tax might have been on the rich there is one class to whom its annulment is infinitely more odious and oppressive. We refer of course to the special deputy collectors appointed to assist in the collection of the tax and who are all to be dismissed on the 25th. Language fails them when they try to express their opinion of Judge Shiras, whose vote overturned the law.

Asent the State Democratic Editorial Association, the members of which meet in convention in New York, to-day, the *World* has this to say about newspapers of the locality: "The wise politician appreciates the importance of the local newspaper that enters regularly, as an old and valued friend, the homes of all the intelligent men of the party in its own town or county. No city journal, however vast its aggregate circulation, reaches the people of interior towns or counties anything like so generally as the local papers do. If honestly conducted, as most of them are, they reflect the public sentiment of their localities as no other medium can hope to do." Wise and gracious words, Oh! *World*, these are.

Wheat, for July delivery, sold at eighty cents a bushel in Chicago yesterday afternoon, after 'Change hours. Less than ninety days ago this same option was freely sold in the same locality at less than fifty-two cents a bushel, with cash sales at fifty cents. For yesterday's prices had crop reports were declared sufficient. For the low prices ruling so short a time since, Argentine competition in the world's markets was held responsible, and as speculators pounded prices they filled the air with dire predictions of bankruptcy for the growers of this country. The situation was grossly exaggerated then, as it is now. This country is still as big a factor in the world's supply of wheat as it ever was. As to the crop of 1895, it hasn't been ruined, as those Chicago fellows say, by frost and chinch bugs and the Hessian fly. It will yet wave golden headed in the breeze, and when harvested and threshed the granaries will be filled to overflowing as of yore.

CARLISLE ON FREE COINAGE.

Abstract of his speech at the Monetary Convention, at Memphis, To-day.

MEMPHIS, May 23.—Under a banner inscribed "Sound Currency and Better Banking Facilities," representative men of the southern states assembled to-day, to express their opposition to the doctrine of free silver and to declare in favor of the continuation of the present monetary conditions. Secretary Carlisle was the principal speaker. In substance he said:

"The proposition to revolutionize our monetary system and thus destroy the credit of the government and the people at large, at home and abroad, is one which challenges the intelligence, patriotism and commercial honor of every man to whom it is addressed. No matter what may be the real purpose and motives of those who make the proposition to legalize the free coinage of silver at the ratio of sixteen to one, these are the consequences involved in their schemes, and, in my opinion, they cannot be avoided if it should be adopted. In no part of the country will the consequences involved prove more injurious to the material interests of the people than in the undeveloped and progressive south. The world has never witnessed a grander exhibition of courage than was presented here when a defeated and impoverished people renewed their commercial relations and reconstructed their commercial system; and I am unwilling to believe that the same people can now be so discouraged by a temporary business depression, that they will resort to a new and hazardous experiment with the currency in which their transactions must be conducted.

After reviewing the ratios of coinage and the amounts of gold and silver in use as circulating medium, the Secretary said: "I confess my inability to understand what is really meant by a double standard of money value; the idea is incomprehensible in my mind, because I cannot conceive how it is possible to have two different legal and authoritative measures of the same thing in use at the same time, as for instance, a pound weighing sixteen ounces and a pound weighing eight ounces, or only half as much, and both declared by law to be legal. I agree with Gen. Jackson's Secretary of the Treasury, who said: 'The proposition that there can be but one standard in fact is self-evident.'"

Reviewing the fact that values will always be measured by the kind of money in actual circulation, Mr. Carlisle stated the proposition before the people as being that, without cooperation of other nations, we should declare that all silver should be made into coin at the rate of sixteen pounds of silver to equal the value of one pound of gold. We as a people shall be compelled to receive these coins in payment of debts to us dollar for dollar, but when we pay debts to other nations we must use gold. I think we are fully justified in concluding that if the United States alone should adopt the policy of unlimited silver coinage at sixteen to one, it would be an over-valuation of that metal of 100 per cent.

Reviewing the act of July 14, 1890, and the repeal of the purchasing clause in November, 1893, the Secretary said: "The establishment of a silver standard could not possibly affect the price of cotton or wheat abroad, whatever its effect might be on the nominal price in this country. Farmers and producers do not sell their wheat or cotton abroad but to somebody here who takes chances

not only on the fall of the price of the products abroad, but on the rise in the price of silver between the time of his purchase and the time when he receives the proceeds of his sale. It is impossible to estimate the amount of loss this would inflict upon American producers of exportable products, but it would be great, as the value of such exports is now \$870,000,000 per annum."

A long and exhaustive review of the relative values of labor and the purchasing power of its wage is then reviewed by the Secretary, following which he says: "I attach very little importance to the per capita argument, because the amount of currency required in a country depends mainly upon the volume of business transacted. One of the most effective arguments made by the advocates of free coinage is that the people are in debt.

"If it is a crime to lend money to a man who wants to borrow it, let the perpetrators be properly punished, but let us not involve the whole country in disaster and immolate the innocent and guilty alike in order to punish the real offenders.

"The laboring people as a rule owe very little at any one time, while their employers are always indebted to them, because of wages not paid in advance; and besides they have many of them deposits in savings banks, trust companies, building associations, life insurance companies, and banks. In all, there are about 21,000,000 people, generally poor, who have given credit to these great corporations, and, in my opinion, it would be a grievous wrong to adopt any policy which would deprive them of the legal right to demand and receive just as good money as they parted with when they made the deposits in banks or paid premiums on insurance policies.

"A great government should do nothing to discredit its obligations or to diminish the value of the money in the hands of its citizens, interrupt the course of their business or destroy the foundations upon which their commercial systems have been constructed.

"We are all Americans, citizens of the same great republic. There can be no antagonistic interest, no prosperity in one section at the expense of another, but we must stand or fall together. So believing I have spoken to you without reservation or exaggeration in behalf of the policy, which, in my judgment, will most certainly promote the welfare and preserve the credit of our whole country."

## SAFE AT HOME.

Edward Reilly Returns to Middletown. His Account of the Assault upon Him in Marion, Ohio.

Mr. Edward Reilly, who was assaulted at Marion, Ohio, about a week ago, arrived in town last night on Erie train 8. A large party of friends was at the depot to meet him, and he was taken a once to his home on School street.

A reporter from the Argus saw Mr. Reilly to-day and learned the following particulars of the assault:

Mr. Reilly arrived at Marion about 11 o'clock at night, train 3 being about an hour late. At Marion he intended to change cars for Anderson, Ind., but as his train was late the connection was missed. He inquired of the agent of the Big Four road when the next train would leave, and when informed that there was none until the next morning, started out to look for a hotel in which to spend the night. He noticed several very tough looking citizens in the depot, but thought nothing of the matter then.

He went to a hotel across the street from the depot, but was informed that all the rooms were taken, and he was directed to another hostelry further up the street.

He had not proceeded far when he was struck down from behind, and remembers nothing more until he recovered consciousness in the hospital.

Nine stitches were required to close the wound on his head, which had evidently been made by a piece of lead pipe.

Mr. Reilly carried an overcoat and a satchel. The thugs who struck him, cut the straps of the satchel and also a piece out of his little finger in their efforts to take the satchel from his hand. The robbers also took a small amount of money which Mr. Reilly had with him, leaving him but fifty-five cents.

The overcoat and satchel were the means of detecting the highwaymen, who were arrested by the Marion police. Their names were Bowen and Adams, and they were quickly convicted of the assault and sentenced one to six months in the Cleveland penitentiary and one to four months and a fine of \$25.

Mr. Reilly was in the hospital for six days, during three of which he was unconscious.

Mr. Reilly says that he had not had any communication whatever with the men, and was not enticed away from the depot, as has been published. It was a clear case of highway robbery.

# We Make EVERY Garment We Sell.

When buying your clothing, remember that we make every stitch of clothing we sell, and that, therefore, you save the middleman's profit,

## WHICH IS \$3.00 ON EVERY \$10.00!

when you buy of us. Further than this, you buy better made and better fitting garments, and you can easily tell what kind of goods and linings you are getting, as we show you of every article of clothing we offer for sale, the goods in the piece and the same with the linings.

## Keep These \$3 in Your Own Home! and Buy Home-Made Clothing. CLOTHING TO ORDER!

Buying, as we do, all cloths directly from the woolen manufacturers, we are enabled to make clothing considerably less in price than any other tailor, for the reason that we save the profit which every merchant tailor must pay to the jobber who cuts him any length from 1½ yards on. Next, we do all our own cutting, and all work is done under our own supervision. We guarantee a fit every time, or we do not ask the garment to be taken out of our store.
